

EXERCISES AND EXACT SOLUTIONS

Education Surveys and Frames

Independent practice, facilitated discussion, and assessment reference

Production Unit	PU-B07-C47
Notebook	V7_C_N12
Version	0.1
Assessment boundary	Learning evidence—not operational authorization

Instructions

Complete Part A before consulting the solutions. State assumptions explicitly. Where evidence is insufficient, write an abstention or escalation response rather than inventing precision.

Exercise 1

Diagnose frame undercoverage.

- Required output: a concise decision-ready response with owner, evidence, uncertainty, and boundary where applicable.

Exercise 2

Compare EMIS and survey rates.

- Required output: a concise decision-ready response with owner, evidence, uncertainty, and boundary where applicable.

Exercise 3

Protect excluded learners.

- Required output: a concise decision-ready response with owner, evidence, uncertainty, and boundary where applicable.

Exact solutions and scoring guide

Solution 1

Compare frame counts with census, listings, geospatial evidence, and field verification.

Solution 2

Align definitions, age, period, geography, and denominators before interpreting differences.

Solution 3

Aggregate outputs, minimize identifiers, prevent stigma, and route support through authorized human processes.

Scoring rubric

Criterion	Strong evidence	Revision required
Decision framing	Owner, action, horizon, authority named	Model output substituted for decision
Evidence	Concepts, grain, provenance, limits explicit	Data treated as self-explanatory
Uncertainty	Abstention/escalation used appropriately	False precision or hidden limitations
Governance	Human authority and safeguards retained	Authority silently delegated
